Dear Wendy Sinnette,

I am contacting you regarding a data inquiry for a research study conducted at UCLA. In collaboration with Professor Martin Hackmann, we are investigating procurement practices in school nutrition programs.

To this end, we are collecting bid tabulation data on public school food procurements from different school districts. The ideal data would go from 2018 to the present and would provide detailed information on:

- solicited quantities by food item and procurement
- bids/prices for winning and losing bids by food item and procurement

The following link <https://garlandisd.net/search?keys=bid+tab+food> (e.g. under 17-Oct) gives an example of the data that we're looking for, provided in this case by a school district in Texas.

Thank you very much for your help.

Best,

Darion

Mr. Phan,

We went out to RFP in 2020 and received one bid. The Board item coversheet and contract are attached.

Thank you,

Melissa M. Greenwood, CPA

Assistant Superintendent, Business and Operations

Dear Melissa Greenwood,

Thank you for your response. Does Chartwells provide a list of food items and quantities to your school?

Best,

Darion

I'm not sure what you are requesting? Monthly orders? The information is in their bud for meals served but we do not know their individual orders, they set the meal to usda standards.

Hi Melissa,

I was wondering if Chartwells provided your school with information about the food they supply. Does your school receive a list of food Chartwells supplies or does Chartwells not disclose the food they provide?

If Chartwells discloses the food items provided in the monthly orders, I would like to see that information.

Best,

Darion

No, we do not get that information. They update the menus themselves.

Hi Melissa,

Thank you for your response. This concludes my Public Records Request. Thank you for your time.

Best,

Darion
