Dear Marco Villegas,

I am contacting you regarding a data inquiry for a research study conducted at UCLA. In collaboration with Professor Martin Hackmann, we are investigating procurement practices in school nutrition programs.

To this end, we are collecting bid tabulation data on public school food procurements from different school districts. The ideal data would go from 2018 to the present and would provide detailed information on:

- solicited quantities by food item and procurement
- bids/prices for winning and losing bids by food item and procurement

The following link <https://garlandisd.net/search?keys=bid+tab+food> (e.g. under 17-Oct) gives an example of the data that we're looking for, provided in this case by a school district in Texas.

Thank you very much for your help.

Best,

Darion

Hello Darion,

The bid information you are requesting was not performed by El Rancho Unified School District; it was through a co-op. Please forward your PRA to the lead agency, which is "San Mateo-Foster City School District Super Co-Op."

Thank you,

**Gioconda Padilla**
