

PROPOSAL FORM PRICING SHEET

Product specifications are based on products and pack size currently in use. Alternate pack sizes may be accepted when pack size specified is not available. Some specific brands and specifications shown have been established by the District based on the District's research and expertise, popularity of the food item, and/or brand name recognition; therefore, alternates may not be considered in circumstances where the menu, recipe, or sales may be affected. The District's Food Services Department Director or designee will be the sole judge as to whether such alternate products are, in fact, substantially equal to the specifications set forth herein and whether such deviations are acceptable to the District. Requests are for individually wrapped or single portion pack meal components to include entrees, sandwiches, fruits, vegetables, and/or bread items.
